

2021 FAEP Annual Conference

Hosted by TCC FAEP

Call for Presentation Abstracts

September 22 – 24, 2021

Virtual

The Treasure Coast Chapter (TCC) of the Florida Association of Environmental Professionals (FAEP) is honored to host the 2021 Annual Conference and Training Symposium virtually. The Conference will include keynote speakers, technical sessions, networking opportunities, training classes, and field trips. This conference provides an excellent opportunity for professionals and students working in a wide range of environmental specializations to come together and present recent successful projects, lessons learned, and new techniques and/or ideas.

This year's conference will focus on the following four tracks:

1. Emerging Technologies

- Survey techniques/tools, field investigations, desktop applications, UAV/ROV applications/capabilities

2. Natural Resources

- Wildlife, natural systems, ecosystem management, restoration and enhancement, land management, water quality

3. Remediation/Assessment

- PFAS, contaminated groundwater, soil and/or sediments, brownfields, hazardous waste, golf course remediation, Phase 1 ESA

4. Resiliency

- Sea level rise, coastal management, living shorelines, risk assessment and vulnerability, infrastructure, wildlife, adaptations

In addition to the four tracks, a separate student track will also be added to give post-graduate students an opportunity to present their studies. Presentations related to environmental subjects within Florida are strongly encouraged and desired.

Instructions for submitting presentation abstracts

The deadline for submitting abstracts has been extended to **July 31, 2021**. Abstract submittals should include: full name, address, phone number, email, professional title, affiliation, presentation title, a brief description of your presentation topic, estimated length and which of the four tracks your presentation is most related to.
