

Niki Desjardin

B.S. Biology, University of Richmond

M.S. Biology, Florida Atlantic University

Ecological Associates, Inc. - Co-President/ Director of Operations

Niki has over 20 years of experience managing protected species monitoring programs and coordinating/conducting field work in Florida. Her expertise is in sea turtle nesting beach management, shorebird/seabird conservation, and habitat conservation planning.

Niki is the FWC Marine Turtle Permit Holder for EAI. She also serves as EAI's Director of Operations, guiding strategic planning, supporting business development, and overseeing senior staff. Niki works closely with clients, regulatory agencies, and the public to ensure EAI's work products meet the highest quality standards. Niki coaches personnel at all levels on technical, managerial, and leadership topics.
