DAVIS environmental SOLUTIONS

Senior Environmental Scientist/Project Manager

Davis Environmental Solutions, LLC is actively looking for Senior Project Manager with specialized experience in environmental permitting for marine projects to join our team based out of a South Florida office (Miami, Florida Keys, West Palm Beach, Sarasota). This is a mid-level to senior-level position with a minimum of 8 years of experience in the consulting or regulatory field. As part of the environmental group, the Senior Project Manager will manage multiple projects at one time, independently prepare permit application packages, and supervise field assessments and reporting. The ideal candidate will have experience in conducting field surveys (marine and terrestrial), scientific and regulatory reporting, proposal preparation, project management, and scientific diving. In this position, you will be able to manage schedules to meet production timelines for both public and private clients for a variety of marine development and restoration projects in Florida. To contribute to our successful team, we seek an individual that has the ability to train and supervise lower level staff, strong communication, and technical writing skills. We offer flexible work schedules in a team working environment.

Duties and Responsibilities:

- Prepare and process environmental permitting applications for local, state and federal agencies
- Conduct fieldwork in challenging marine environments
- Prepare environmental impact assessments and technical reports for both marine and terrestrial habitats preferred
- Train and review lower-level scientists
- Contribute to quality control of report deliverables

Qualifications & Experience:

- Master's degree or bachelor's degree with 8+ years of relevant professional experience
- SCUBA/Scientific diving - AAUS or other open water certifications
- Technical report writing and data management
- Coral relocations
- Project management experience with ability to track timelines
- Proficient in ArcGIS and Office software
- Ability to communicate to regulatory agencies in written and oral responses

We are dedicated to providing a flexible and professional work experience. Hybrid roles will be considered. Full benefit packages are offered for full-time positions on a salary basis including medical, dental, and vision plans, 401(k)

with company matching, training and professional conference support, bonuses, paid holidays and PTO. Applicants must be eligible to work in the United States and have a valid driver's license. We are an equal opportunity employer and a drug free workplace.
